GitHub: github.com/PaulLerner
Website: <https://paullearner.github.io/>

EXPERIENCE

- Sorbonne University, CNRS, ISIR** Paris, France
Postdoctoral researcher – Political biases of Large Language Models 2024–2026
Keywords: Automatic Summarization, Machine Translation, Multilingual Large Language Model, Sentence Embedding, Deep Learning, Political Bias, Fairness.
- Sorbonne University, CNRS, ISIR** Paris, France
Postdoctoral researcher – Machine Translation of Scientific Neologisms 2023–2024
Keywords: Neologism, Terminological Variation, Morphology, Machine Translation, Multilingual Large Language Model, In-Context Learning.
- Paris-Saclay University, CNRS, LIMSI** Orsay, France
Research Engineer – Multimodal Speaker Diarization 2019–2020
Keywords: Multi-party Dialogues, Speaker Diarization, Transfer Learning, Semi-supervised Learning, Multimodal
- Télécom ParisTech** Paris, France
Research Intern – Parkinson’s Disease Diagnosis based on Handwriting March–September 2019
Keywords: Parkinson’s Disease, Deep Learning, Clinical Decision Support System
- Sorbonne University (ex-Pierre and Marie Curie), CNRS, ISIR** Paris, France
Engineer Intern – Behavioral Strategies during Human-Machine Interaction April–September 2018
Keywords: Human-Machine Interaction, Reinforcement Learning, Conversational Agent

EDUCATION

- Paris-Saclay University, CNRS, LISN (ex-LIMSI)** Orsay, France
Ph.D. in Computer Science, Visual Question Answering about Named Entities 2020–2023
Keywords: Visual Question Answering, Multimodal Information Retrieval, Deep Learning, Named Entities, Pretraining, Transfer Learning
- Paris Descartes University** Paris, France
M.S. in Artificial Intelligence, with high honors 2018–2019
Done as a double degree with ESILV.
- ESILV** Courbevoie, France
Engineer in Computer Science 2014–2019
- Czech Technical University** Prague, Czech Republic
B.S. in Computer Science (exchange with ESILV) 2016

ADVISING

Nastaran Babaie – Morphological Competence of LLMs M2 Internship – Sorbonne University, CNRS, ISIR Keywords: Morphological Competition, Large Language Model	Paris, France February–August 2026
Hui-Chi Kuo – Multimodal Question Answering M2 Internship – Université Paris-Saclay, CNRS, LISN Keywords: Large Language Model, Multimodality, Education, Automatic Annotation	Orsay, France April–September 2025
Joanna Radola – Code Switching Generation M2 Internship – Sorbonne University, CNRS, ISIR Keywords: Code Switching, Multilingual Large Language Model	Paris, France February–August 2025
Salem Messoud – Multimodal Reranking M2 Internship – Paris-Saclay University, CNRS, LISN Keywords: Multimodal Information Retrieval, Reranking, Visual Question Answering	Orsay, France March–September 2022

TEACHING

Years	Course	University	Grade	CM	TD	TP
2024-2026	Natural Language Processing	Aivancity	M1	25	–	47
2025-2026	Deep Learning	Sorbonne Université	M2	–	–	28
2024-2025	Lisbon Machine Learning School	LxMLS	PhD	–	–	13
2023-2025	Deep Learning: Models and Optimization	ENSAE	M2	–	–	12
2023-2025	Machine Learning for Natural Language Processing	ENSAE	M2	–	–	18
2021-2023	Introduction to Machine Learning	UFR Sciences Paris-Saclay	L3	–	–	48
2020-2023	Software development	Polytech Paris-Saclay	L3	–	70	–
2020-2023	Imperative programming	Polytech Paris-Saclay	L1	–	44	36

SERVICE

Reviewer/Area Chair♣

Année	Journal/Conference/Grant
2026	EACL♣ (A), LREC (B), ACL (A*), RECITAL-RJCRI, EMNLP (A*)
2025	ACL (A*), ANR-AAPG
2024	EMNLP (A*), ACMMM (A*), ACL (A*), ICMR (B), JEP-TALN (C)
2023	Pattern Recognition, ICMR (B), RECITAL-RJCRI
2022	ACMMM (A*)

Fixed-term workers’ representative at LIMSI’s board Paris-Saclay University, CNRS, LIMSI Participation to the boards monthly meetings.	Orsay, France Octobre 2019–2020
---	------------------------------------

SCHOLARSHIPS AND AWARDS

• DAAD AINeT fellow – Postdoc-NeT-AI Networking Week on Natural Language Processing	May 2025
---	----------

- [1] Thomas Gerald, Sahar Ghannay, Julie Lascar, **Paul Lerner**, and Anne Vilnat. “Can Multimodal LLMs Generate Pedagogical Questions?” In: *Proceedings of the Fifteenth International Conference on Language Resources and Evaluation (LREC’26)*. 2026.
- [2] **Paul Lerner** and François Yvon. “Assessing the Political Fairness of Multilingual LLMs: A Case Study based on a 21-way Multiparallel EuroParl Dataset”. In: *Proceedings of the Fifteenth International Conference on Language Resources and Evaluation (LREC’26)*. 2026.
- [3] **Paul Lerner** and François Yvon. *Large Language Models are Perplexed by some Political Parties*. 2026. arXiv: 2606.05937 [cs.CL].

PROGRAMMING SKILLS

- **Deep learning:** PyTorch
- **Languages:** Python, C, C++, C#, Java
- **Python libraries:** Faiss, Transformers, spaCy, Scikit-learn, NumPy, Matplotlib, Seaborn
- **Computer clusters:** slurm
- **Databases:** SPARQL, Elasticsearch

LANGUAGES

- **French:** native
- **English:** fluent
- **Spanish:** elementary
